

SAFETY & HEALTH POLICY

University of Malaya is committed in ensuring the safety and health of all members of the staff, students and other parties dealing with it.

To accomplish this policy, the University of Malaya will:

Core Value

Make occupational safety and health as part of its organisational core values.

Legal Requirements

Comply with legal requirements as well as the related safety and health regulations of the nation.

Safety Responsibilities

Prepare and coordinate an administrative system and work environment that are safe and healthy.

Training & Support

Enhance the level of awareness among the campus community on the importance of occupational safety and health by providing adequate information, instructions, training and supervision.

The Administration and the campus community of the University of Malaya will work together to achieve the goals and objectives of this policy through negotiation and cooperation.

Risk Control

Conduct activities to identify hazards as well as evaluate and control risks at the workplace.

Accident Investigations

Investigate and record accidents, poisoning and illness at work as well as dangerous incidents and take measures to ensure such incidents do not recur.

Continual Improvement

Conduct inspections, audits and policy revisions periodically to ensure continuous improvement.

Resources

Allocate sufficient resources to implement the above objectives.
